

Presswood Pallet Machine

Scenix pallet supplies high quality Presswood Pallet Machine. We are professional manufacturer for innovative presswood pallets and compressed wood pallet machines in Qingdao, China. Customer satisfaction is our biggest goal.

Product Introduction

The really abundant projects management experiences and 1 to just one provider model make the high importance of business enterprise communication and our easy understanding of your expectations for High Quality for China Ce Approved Hydraulic Pressing Wood Pallet Moulding Machines to Make Wooden Tray, We are keeping chasing WIN-WIN situation with our clients. We warmly welcome clients from all over the world coming over for a visit and establishing long term relationship. High Quality for China Wood Pallet Production Line, Wood Pallet Making Machine, Being guided by customer demands, aiming at improving the efficiency and quality of customer service, we constantly improve products and provide more comprehensive services. We sincerely welcome friends to negotiate business and start cooperation with us. We hope to join hands with friends in different industries to create a brilliant future.

Cheap Presswood Pallet Machine Suppliers and Manufacturers

Introduction of Presswood Pallet Machine

Presswood pallet machine includes Crushing machine, Drying machine, Glue mixing machine and wooden pallet forming machine. We can design automatic and semi-auto machinery with different capacity according to customer demands and investment capital.

- 1.The wood pallet making machine also called wood molded pallet machine, is a new type of one time forming machine.
- 2.The hot press wood molded pallet making machine has the performance of good stability, high efficiency, energy saving and automatic control. It can use both the steam and the thermal oil for hot pressing.

3.It is very convenient for installation and do not need basic positioning, the hot compress wood pallet making machine is a very good equipment for wood recycling and solution to your waste wood.

Specification of Presswood Pallet Machine

| ITEM | UNIT | MODEL |
|----------------------------|------------|----------------|
| | | SY-1000 |
| Working pressure | Mpa | 18-20 |
| Output pressure | T | 1000 |
| Main oil cylinder diameter | mm | 400 |
| Main oil cylinder quantity | pcs | 4 |
| Cylinder stroke | mm | 600 |
| Maximum size of pallet | mm | 1300×1200 |
| Motor power | KW | 11 |
| Weight of machine | T | 23 |
| Machine dimension | mm (L×W×H) | 3300×1600×3400 |
| Production capacity | pcs/24H | 200 |

Compressed wood pallet line

Presswood Pallet Machine APPLICATION

This Moulded wood pallet production line is mainly used in production plants for production turnover or packaging, and is also an ideal product for logistics enterprises and storage enterprises. It has the characteristics of quarantine-free and low price, and is very popular among users. Proved by the market, the products are now in short supply.

Hammer mill

Electrical Heating Oil Heat Furnace

Drying machine

Chip silo

Glue mixing machine

Details Of Presswood Pallet Machine

(1) Equipment design: Special internal design made the framework has a very high tensile strength, strong rigidity and stable..

(2) Hydraulic system: It has an independent hydraulic system and adopts a two-way cartridge valve, which is small and light, compact in structure, small in flow resistance, large in flow, sensitive in action, reliable in work, good in sealing performance, easy to maintain, and long in service life and etc, working pressure can be adjusted within the parameter range.

(3) Control system: Easy and simple to handle, control cabinets can be automatic and manual control.

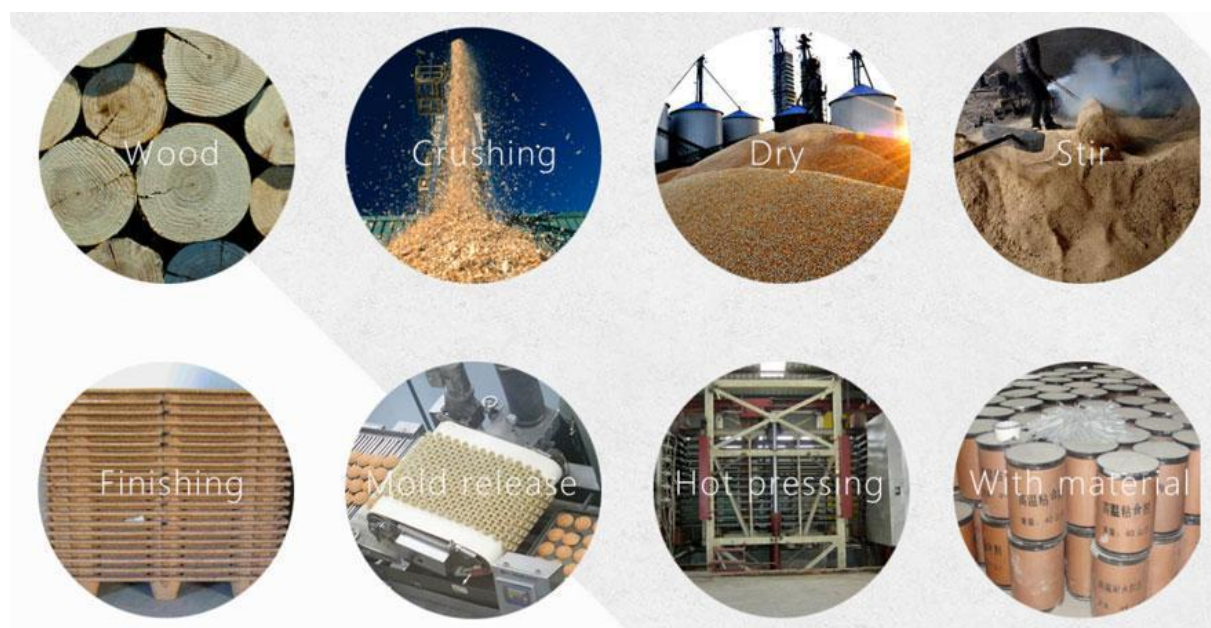

(4) Automatic control mode: Press the start button to automatically complete a pallet pressing process, and automatically complete the finished product ejection and automatic palletizing to reduce manual handling. It can be switched to manual mode, and the manual button controls the slider to rise, fall and unload.

(5) Safety device

The motor control part has thermal protectors, circuit breakers, etc., to protect the motor from overloading damage and over-current short-circuit.

There are independent relief valves for rising and falling oil cylinders to ensure pressure not overloaded.

Overpressure protection: It stops working when the set pressure is reached.

Delivery and Shipping Service of Presswood Pallet Machine

Shipping methods:

By Sea: From Qingdao seaport

By Train or by Land

Payment methods:

T/T, Paypal, Western union, Moneygram, Cash

Q: Why Choose Us?

1). More than 15 Year's Experience

We have rich experience in equipment manufacturing. Our machines have high reputation both domestic and abroad (Such as the Middle East, Southeast Asia, Africa and so on more than 10 countries and regions.)And often visit customers to provide services to customers.

2). Manufacturer

Not Dealer Factory direct sale makes price more competitive. Customers are always welcome to visit our factory for machine test.

Q: How do I know the quality of your machine?

You can send your sample scrap materials to us and we will test the machine for you without charging the fees. And we can send the machine test video to you. We also warmly welcome you to visit our factory to test our machine personally.

Q: Will you dispatch the engineer to guide installation?

Yes, according to the customer's requirement, we will dispatch engineers to guide installation and training about the operation of the machine.

Company

Qingdao Senyu Environmental Protection Technology Co., Ltd. is situated in the beautiful city of Qingdao, China, specialized in the R&D, sales and manufacturing of compressed wood pallet, presswood pallet and Presswood Pallet Machine. Through years of strenuous effort, Scenix has started to play an important role in this market with an annual output of 5800,000pcs. Since its very beginning, the company has been committing itself to the belief "focus on reducing costs, creating value for customers".

Thanks to its competitive prices, quality products and post sale services, the company wins a lion's share of the industrial market with its reach into many fields of chemical, auto-parts, printing, food and the like. Most of our customers are repeat order reputable customers from Middle East, Asia, Europe, United States and other foreign countries.

Now we owns 3 branch companies, from the collection of raw materials to the manufacturing of the customized mold, from R&D team to marketing & trading team(Qingdao Yuking New materials). Scenix has the ability to control all the production process of the industry chain. Qingdao Scenix is stepping up its effort to build up itself into an international brand.
